“Evolution is a law of nature.
It’s the dynamics of life which make
the world go round.”

Established in 1995, GARG INOX LTD. is a Multinational company who’s been dedicated to serve the industry with world class, top of the line Ferrous & Non-Ferrous Wires. GIL follows strict standards of ISO 9001 : 2008 and is a government certified Export House having Sales Offices in the USA, U.K. and Turkey. GIL has a production capacity of 48,000 tons annually from four production units in Bahadurgarh & Pune. We have been selling our product under the brand name GARGWIRE™ with an annual turnover of over 90 million US Dollars.

As evolution is the essence of live, the natural course has lead to the birth of GARGWELD™ the new brand name from Garg Inox. Welding electrode is the coveted product to be produced under this brand name at Bahadurgarh, Haryana. The produce will be at par with the best in the world with the best financial viability.

So from “We make the wire you desire” to being “strongest possible” is a dream come true for the company!
